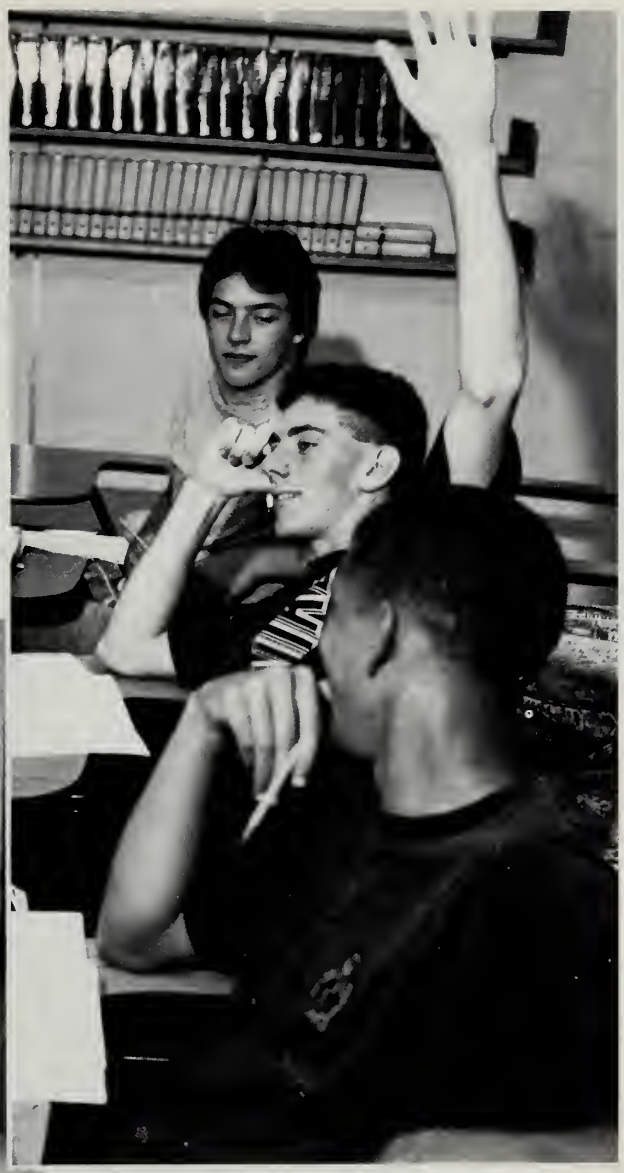
MICKEY



Just sit right back and you'll hear a tale,

A tale of a faithful trip,

That started from the parking lot,

Aboard a chartered bus.

The chaperones were generous, the director brave and sure.

Fifty-six passengers hit the road that day for a five-day

tour. A five day tour.

The weather started getting rough; the kids slept on the bus.

If not for the courage of two drivers, the buses would be lost, the buses would be lost.

Arriving at Econo-Lodge with Mr. and Mrs. Lacerda, Mr. Dow, Mrs. Arrude, Mr. and Mrs. Toal, and our guide Liz, the umbrella lady, the Class of 1990 hit Washington, DC. It was a great trip!

Speech and Theatre Workshop

Members of the Speech and Theatre Workshop spent another wonderful April vacation in England. Students and teachers enjoyed a nine day sojourn watching the changing of the guard at Buckingham Palace, walking the halls of Oxford, and cruising down the Thames by the Tower of London. They marveled at beautiful cathedrals and the strange monuments at Stonehenge. They hopped on the Tube, shopped in Covent Garden, and attended plays in London's fabulous West End theatre district. It was a trip to remember!

Holidays

In April of 1989, advanced French students once again sojourned to France, but this visit was special due to our "sister" school, "le lycée Grésivaudan" in Grenoble. Our students attended classes there and stayed with French families. They had a chance to "live" French culture and to share their American way of life with the French people. From Grenoble we traveled to Paris and toured the City of Lights during its historic Bicentennial Year. It was a unique experience for all our students and teachers.

Reaching Out!

My year in Denmark was quite an experience. Being alone for a year where I didn't speak the language, I found out how important non-speaking communications are in life. After learning the language, my year was full of laughs and good times with friends I'll never forget. I plan to return for a visit someday, but for now it's great to stay home and catch up on things I missed last year.

Katie Erickson

Happy Birthday, Katie!

Lego Land

I spent my junior year learning about the culture of a country we know so little about — Argentina. I lived with five different families, and with each I learned something new. Each time I was received with the warmth and affection that is typical of this South American country. While living in a small, secluded coastal town named Balcarce, I attended school and learned of the history and politics of my new home. In addition I learned a thing or two about my own native country. I wish I could sum up a full year in a single paragraph, but I cannot. Instead I will simply say that I have returned a lot worldlier and a little bit wiser.

change Students — Front: Ron Pettersson and Martin Frank. Back: Menno Fris
l Eugenio Escobedo.

Four exchange students shared the 1989-90 year with us
re at MHS — Ron Pattersson and Martin Frank of Sweden,
nno Fris of Holland, and Eugenio Escobedo of Spain. Three of
em shared their impressions of high school life here as opposed
what it is like in their homelands.

"I find Sweden and America very different," writes Ron.
he school here is very different. In Sweden we choose a course after ninth grade, and we stay on that course for 2 to 4 years. In that course all the classes are chosen for us. The high schools in Sweden are much, much harder. I think it's harder to be sociable here if you don't have a car because of the big distances between places. Parents here tend to be more protective as well. But I think America is a nice country and I'm enjoying my stay!"

"In Spain," writes Eugenio, "there is more social life. Friends spend much time together. Here all the distances are greater and you need a car for everything. The people in my country live in large cities; there is not enough space to have towns. High school in the US is easier and has great possibilities to practice sports. One year here is a good experience and I've learned a lot, but I will be glad to be in my country again."

"In the Netherlands," writes Menno, "I used to live in the city. The distances there are smaller and everything is easy to reach. Most of the students use bikes, because they're cheap and fast, and one needs to be 18 to get a driver's license."

"The school that I attended is much harder than the high school here, and sports, clubs, and other activities are done outside of school. Young people socialize a lot in the Netherlands, and go out on the weekends. I'm enjoying the experience of attending an American high school, and I enjoy watching and playing sports, and joining clubs inside school."

We have all enjoyed having all four exchange students with us. We too have learned a great deal!

Shuttling to Florida in January

Earth shuttle joins Mickey by Discovery Island.

This year, for the very first time, a number of science students had
e privilege of traveling to Florida as part of the Earth Shuttle
ogram. During this four-day trip, Mrs. Murphy and Mrs. Russell
perоned seventeen students as they toured Sea World, Epcot
nter, Walt Disney World, and Discovery Island. At various
ces, the students were taken on tours during which they listened to
ides then answered questions in workbooks.

Later students were given free time to do and see whatever they
shed. The entire group would like to thank the many friends and
chers who supported them and made their trip possible.

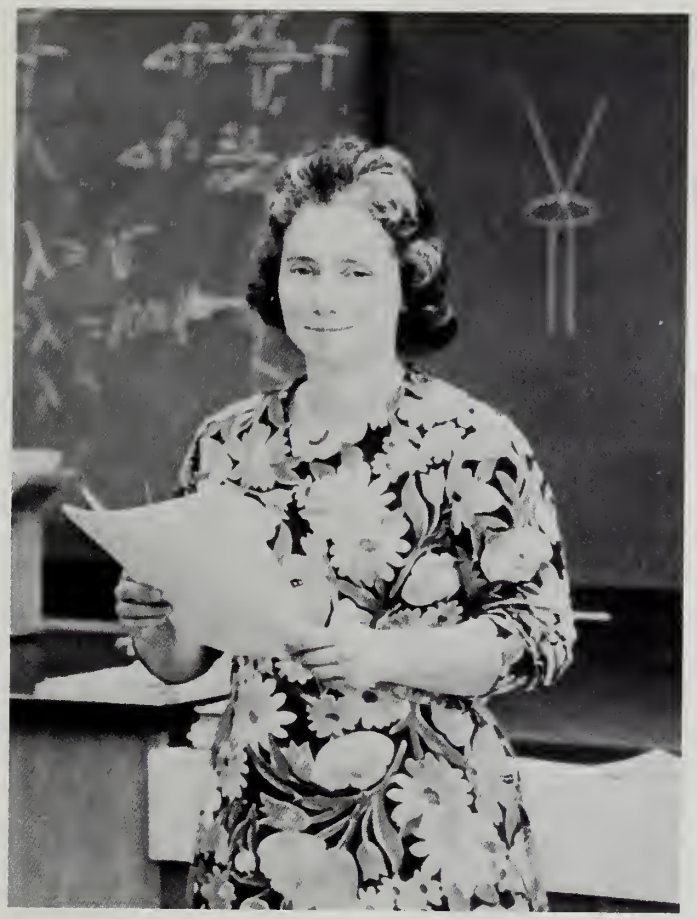
DEDICATION 1990



Mrs. Phyllis Dupee Hughes

MRS. HUGHES

Passionate! Dedicated! Caring!

All these terms describe how Mrs. Phyllis Hughes is remembered by faculty and students here at M.H.S. Despite her three year leave of absence, Mrs. Hughes is well-known by many seniors and by the entire staff as a unique and creative instructor.

From the time she began her teaching career at Middleboro High School in September of 1958, Mrs. Hughes has introduced many programs and projects including the Senior Lounge and the "Whale Watch" program for biology students. On Activity Days, she served as photography advisor, and earlier in her career, she'd play Christmas music on the organ during the last five minutes before vacation.

During her years working with Middleboro students, Mrs. Hughes has put much time and effort into her projects. For this, she will always be admired and respected. Previous to teaching, she had been employed at the Women's Lying-In Hospital in Boston as a medical technician and perhaps may once again become involved with hospital work. Best wishes, Mrs. Hughes!

DR. MICHAEL S. IPPOLITO
Superintendent of Schools

TO THE CLASS OF 1990

As the Class of 1990, you stand on the threshold of the greatest events the world has ever experienced. All about, changes are taking place that are beyond the belief of those who have lived through the past fifty years. The leadership of tomorrow, which you and your peers represent, will be thrust head long into the rising surge of "people power." The worldwide emergence of "Human Rights" and "Human Dignity" issues may mark the Nineties as the historical period when all the peoples of this earth came together as one!

Are you ready for such an awesome challenge? Hopefully, you are! As teachers, we have attempted to prepare you to achieve success in the glorious days ahead. Days which will record your Tenth Anniversary as graduates of Middleborough High School in the same year as the turn of a new century.

The period of your youth with all its tremendous technological changes will culminate on December 31, 1999. The technology of the Twentieth Century will pall in contrast to the advances of the years 2000 plus. We, the passing generation, shudder at such prospects, but to you this future will seem commonplace and routine. Therefore, as little more than observers from this day forward, we, your teachers and parents, look to the future with apprehension and concern. This trepidation is not based upon any lack of confidence in you, but rather as doubts of our ability to continue to offer support and assistance during a time so far beyond our comprehension.

In closing, please accept my congratulations for successfully reaching this plateau. Further, my best wishes go with you for all that is still to come. You are our future!

Michael S. Ippolito, Ed.D.
Superintendent of Schools

Dr. Michael Ippolito comes to Middleboro after serving as teacher, principal, and superintendent in several systems in Connecticut, his home state. A graduate of the University of Bridgeport, New Haven State Teachers' College, and Fairfield, he feels drawn to Middleboro since it is much like the small town he grew up in and knew so well. It is with pleasure that this yearbook is dedicated to Dr. Ippolito, our new superintendent. Welcome!

MR. WILLIAM S. WASSEL
Principal

YEARBOOK MESSAGE — 1990

Dear Graduating Seniors,

A poem I read a long time ago, I believe conveys an important message for each of you as you enter the next exciting phase of your life:

Don't lose heart that you can't change
the world in just a day or two,
Rather, just do the best you can in all that you
do today.

You will find that these days,
taken all together, will make the world a little
better for tomorrow.

We are very proud of you and what you have accomplished. Please know that all of us at Middleborough High School will always be interested in what you do.

Good luck in your future endeavors!

Sincerely yours,

William S. Wassel,
Principal

Leadership is the quality of guiding others in an exemplary fashion. This attribute is an essential part of being selected as a Boys' or Girls' State Representative. Middleboro's candidates this year certainly possessed this quality and represented Middleboro well during their week of intensive study of our government. It was a great experience!

Timaron . . . It's Our Time!

Each afternoon from September through April, work continued on the 1990 Timaron. Pictures were scheduled, lists compiled and distributed, photographs ID'd, pages designed, type selected, proofs read, books distributed and sold.

Staff members have spent countless hours selecting just the "right" photo or just the "perfect" headline. It's been exciting, exhausting, challenging, and sometimes tedious. But it's been a great year with a great staff!

Speech and

The Speech and Theatre Workshop, founded in 1978, is enjoying its twelfth season as one of Middleboro High School's most active extra-curricular activities. Approximately one hundred and twenty students join the workshop each year and are exposed to the areas of mime, improvisation, and technical theater. Field trips are sponsored to regional, college, and professional theater, as well as to the annual New Theatre Conference — this year held in Boston. The group also sponsors a Curtaintime Tour to London during the April vacation. Programs this year included the play Our Town, a stirring concert by the Psychoneurotic Squeeze Band, and the twelfth annual musical review of "That's Entertainment."

Majorettes

Middleboro High has two majorette squads, a varsity and a JV, that compete in the Open and A categories respectively within NEMA, New England Majorettes Association. Competitions began this year on February 25 and continued through April. Against squads from New Bedford, Apponequit, Melrose and Stoughton, Middleboro's Open Class squad held the title of "NEMA Open Class Champions" in 1987 and 1988. They hope to regain that title this year.

Assistants

Student assistants are responsible for a variety of interesting and essential services here at MHS. In the science department they may set up labs and maintain storage areas, in the library they may retrieve materials from the archives and help keep the entire collection in order, and in the humanities areas they may do duplicating, numbering, and a variety of essential tasks to help instructors. Office assistants relay messages and memos throughout the building, and help with the mountains of paperwork that emanate from the front office. All of them are essential to the smooth running of each school day.

Striving for the Goal

The Girls' Soccer Team was very competitive this season. At the conclusion of each game the team closed the gap on the goal differential, making each competition exciting right up to the final moments. The squad was a fun group of individuals who worked well together under the leadership of two tremendous captains. Seven seniors will be graduating this year, but the youth and skill of this year's squad holds promise for the years ahead.

We'll be Back!

This year's varsity squad, although not having a winning season, often showed spectators a level of intensity and aggressive play that held many high scoring teams to only one or two goals. This squad received from soccer what sport is supposed to give to its players — a learning experience, exercise, enjoyment, comradery, and the desire to win, but the class to accept defeat and learn from it. Good luck to our seniors!

Ladies Show Their Style

It's been an exciting season of constant improvement for the Varsity Girls' Basketball squad here at Middleboro. All members of the team have performed outstandingly, with particular credit going to Tara MacAulay for completing the most steals and assists and for having the highest free-throw average; to Heather Lopes for averaging the most points — 10.4 — per game, and to Jaime Cronin for being selected as Most Valuable Player at the Christmas Tournament. Congratulations to the entire team!

FRESHMAN SQUAD

Carolyn Lindsay, Bonnie Barnicoat, Deirdre Brochu, Shannon McGrath, Kristi Williams, Kathi-anne Hilton, Coach Bryant.

The JV Girls' Basketball team has shown consistency and improvement throughout the season as they have learned and perfected the fundamentals of court play. All the girls have performed well, though Simonne Lincoln's play stands out with her 11 point per game average and her outstanding number of blocked shots which have deprived competitors of numerous points. The future looks bright indeed for this talented and enthusiastic group!

Going for the Top!

This year the Varsity Field Hockey team qualified for the tournament for the second straight year. Seven seniors, including all-stars Tara MacAulay and Jaime Cronin, led the team toward this admirable accomplishment. Leading scorers were Tara MacAulay, Karen Marshall, and Jaime Cronin. It was a great year!

Making a Splash!

This has been a year of growth for the girl's swim team. The core of the team is made up of freshmen with unlimited talent. There are no seniors on the team so we lose no one, and a group of eighth graders with potential is coming up. The team can only grow from this point in time.

Captain Michelle Smith would like to recognize the future of the girl's swim team in team members Mirium Melloul, a sophomore diver who broke the school record and attended the State Diving Championships; Kristine Ginn, a sophomore long distance swimmer, and Shannon McGrath, a freshman multi-event swimmer.

Running Strong

The Cross Country team rebounded well this season by going 7-7 after last season's 3-8 showing. A lot of hard work by the whole team went into the season, though five top runners constantly pushed each other to do better. Running strong were capt. Jason Briggs and Dave Dargelis, both seniors; Bill Chase, Hal Bent, and Mark Poskus. By losing only two seniors this season and having a core of young and talented runners, the future looks bright.

The Girls' Cross country team had 10 members by the end of this season, a great improvement over last year's five competitors. Although the girls' team did not win any meets this year, runners Sue Smith (jr), Melanie Wilson (fr), Kristie Williams (fr), and Michelle Hayes (soph) indicate that next year's season will be different. Seniors leaving the team are Emilie Bent and Stacy Abramson. Good luck next year!

A Spectacular Season

Finishing the season with 9 wins and only 1 loss, the varsity football squad was recognized as the South Shore Co-Champion, and was ranked #3 in Massachusetts Division IV ratings. Outstanding players on this outstanding team included David Dixon, who was named South Shore League Player of the Year and a Boston Globe All-Scholastic recipient, and Manny Pina, Mike Dobbins, and Tom Nichols, who were named South Shore League All-Stars. It's been an excellent season on the field — and in the classroom.

Dedication, d[illegible]n, [illegible] respect are words that could well describe this year's Freshman Football [illegible]. The team faced many obstacles, but through hard work and the will to complete their season, this group of young men finished out their schedule. According to Coach Lawrence, "This team should be proud of its very 'respectable' season. It has the potential to keep the pride and respect of MHS football going."

"Friends"

Friendship never questions you,
It doesn't have to ask.
It shows in what you say and do,
No matter what the task.

When trials and troubles challenge you,
And life seems so unfair,
Hand in hand we'll see them through,
Together we can bear.

Over the years as we grow,
It may be put to the test.
It's truly up to us you know,
As friends we are the best.

"He who is a friend is always a friend,
and a brother is born for the time of stress."
